WEST COAST IMPACT · BASKETBALL

How reffing works

1. The league adds you to the ref list with the email you wrote on the sign-up sheet.
2. On your phone, go to **westcoastimpact.com/family**, type that email and the code the league emails you. Add it to your Home Screen.
3. Tap your letter at the top left and turn on **Alerts**.
4. Tap **My ref games**. Open games are grouped by trip: one gym, one evening. **Ask for both games** to make the drive worth it, or ask for one.
5. The director okays it and your phone buzzes. Until then the game says **Waiting for the director's OK**.
6. Your phone reminds you the evening before and 2 hours before you need to be there: the gym, its address, the time to be there and how many games.
7. If a game moves or is cancelled, your phone tells you.
8. Can't make it? Tap **Give this game back**. The director and the head of refs are told right away so they can fill your spot.
